

ABRAR SHARIF

Dynamic Python Developer and Cloud Specialist | Proficient in Flask & Django, Expanding Web Development Skills | Oracle Cloud Foundations Associate Certified | Adept in AWS, GCP, & Oracle Cloud | Innovator in Machine Learning Project

SKILLS

- Backend Development** • Python | Java | NodeJS |
- Frontend Development** • HTML | CSS | JavaScript |
- Cloud Platforms** • OCI | GCP | AWS |
- Databases** • MySql | SQLite | Firebase |

PROJECTS

Pixel Pigeon

- Developed an prototype software automating event photography workflows, utilizing machine learning to label and match customer-uploaded images with photographer's captures..
- Implemented an efficient email automation system to seamlessly deliver personalized photo collections to customers in a compressed zip file, enhancing the overall experience of event photography services..
- Tech Stack Used: Python, Firebase, Face recognition, streamlit, flask, HTML,CSS.

Face Check-in (facebase attendance system)

- Implemented facial recognition technology to streamline the attendance marking process, enhancing accuracy and efficiency.
- Simplified attendance tracking by allowing users to effortlessly check in, reducing the need for manual entry.
- Tech Stack Used: Python, Face recognition, streamlit.

EXPERIENCE

Open-Source Contributor

10/2023 - 11/2023

Hacktoberfest [2023]

- Demonstrated skills in python and streamlit web framework
- Gained valuable experience in project collaboration, version control, and community engagement.

AI Intern

08/2023 - 09/2023

Code Clause

- development of Gold Price Prediction Model using Random Forest Regressor, demonstrating proficiency in machine learning algorithms.
- Designed and implemented a user-friendly web application using Streamlit, showcasing the gold price prediction model's results in an interactive and accessible format.

POSITIONS OF RESPONSIBILITY

Club Lead

07/2023-Present

Google Developer Student Clubs

- Facilitated knowledge-sharing sessions on technologies such as GCP & Compose jetpack.
- Collaborated with industry professionals and invited guest speakers to provide valuable insights, mentorship, and networking opportunities.
- Led a team of 30 members, overseeing project development, event planning, and day-to-day operations to ensure the club's success
